

# How to Create and Use Shopping Lists

# What are Shopping Lists and what are their benefits?

Shopping Lists are a convenient tool for users. They group commonly ordered items together to be easily added to the shopping cart.

Shopping Lists also simplify the reordering of items.

# Shopping Lists are accessible from any page within the website.

You can find the [Shopping Lists](#) button under the search box, above the [Main Navigation Bar](#) on each page.

# Shopping Lists can be created from one of 2 screens:
